AstraZeneca is providing you with Wholesale Acquisition Cost (WAC) information* for its products in compliance with Public Act No. 23-171 (CT House bill no. 6669), specifically, Section 4. WAC does not represent actual transaction prices and does not include prompt pay or other discounts, rebates or reductions in price. Patients with health insurance that provides prescription drug coverage, may have a different out-of-pocket cost.

*Wholesale Acquisition Cost (WAC) as published by FDB (an independent third party) represents the manufacturer's published catalog or list price for a drug product to wholesalers as reported to FDB by the manufacturer. FDB does not perform any independent investigations or analysis of actual transaction prices for purposes of reporting WAC.
